This week we consider:

Our College values: kindness to others

Facebook picture of the week

On Monday Evening, the College hosted our third fantastic Big Debate.

The proposition, made up of Tom Fletcher CMG and Eva (Lower Sixth), powerfully argued that in this time of global change, we must see further than the obstacles in front of us. Guernsey needs to focus outwards and capitalise on its strengths in order to navigate the challenges posed by global change, the climate crisis, and AI.

In opposition, Sir Richard Collas and Abi (Upper Sixth) argued that Guernsey's primary responsibility was to its people. They convinced the audience that solutions effective in other nation-states may not be suitable here and that we are best placed to meet the needs of the island before looking elsewhere.

It was a closely fought debate, but in the end, the Opposition convinced more of the audience to change their minds, prioritising the local over the global.

We would like to say a big thanks to Eva and Abi for their exceptional debating skills, and to our guest panel members, Tom Fletcher and Sir Richard Collas, for their invaluable contributions.
